About Us

United Laminates Industrial Corporation was established in 2004. Specializing in lamination of Melamine Panels, one of the durable and cost-efficient option for modular cabinets. It comes in a wide variety of colors and finishes to choose from, ensuring to meet every requirement. Further accompanied by a reliable Quality and Service, where customers may be able to depend on.

We believe in offering only the best and on-trend products to equip your interior projects. Over time, new products were introduced, making us the company with the biggest array of Interior Products to choose from, serving as a one-stop shop for architects, interior designers and contractors.

We also believe in sustainability, majority of the products being offered are environmentally friendly to take part in responsible usage.
